### ROYAL AFTERNOON TEA MENU

Afternoon tea menu curated for the Conservatorium Hotel by The East India Company

Granted a Royal Charter by Queen Elizabeth I in 1600, The East India Company was founded to explore the mysteries of the East. It discovered exotic goods, established the cities of Singapore, Hong Kong and Mumbai, impacting customs, tastes and ways of thinking – influencing the very fabric of our lives today.

A menu fit for kings and queens, aiming to delight, intrigue, inspire and refresh – authentic Earl Greys and Orange Pekoes, brisk Assams and muscatel Darjeelings, Spicy Chai and Floral Jasmines, along with herbal infusions, green teas, white teas and more...

### SPECIALITY SINGLE ESTATE BLACK TEAS

#### DARJEELING SECOND FLUSH

A bright, delicate Second Flush picked exclusively from The East India Company's private reserve in Darjeeling's Namring Estate. With an abundance of silver tippy leaf, it produces a medium-bodied cup with a slightly darker muscatel flavour.

#### PEDRO PEKOE CEYLON

A single estate tea grown at an elevation of 5,600 feet in Nuwara Eliya, one of Ceylon's finest tea producing provinces. Selected from bushes that are over 100 years old, this tea brews to create a beautiful golden liquor that is light and bright, smooth with a floral aroma.

#### ROYAL FLUSH CEYLON

In 1954, Queen Elizabeth II and Prince Philip made their first state visit to Ceylon. The East India Company's Royal Flush Black Tea is harvested from bushes propagated from the original bush planted by HRH Prince Philip during this visit. This beautifully balanced Orange Pekoe grows at the high altitudes of the Pedro Estate of Nuwara Eliya. A bright, medium-bodied and delicate tea to be savoured.

### FLAVOURED BLACK TEA

#### THE STAUNTON EARL GREY

Using an authentic recipe, first described by East India Company officer George Staunton in the 1700s in China, this tea blends the finest Neroli and Bergamot oils to create a distinct and different Earl Grey. With an exceptional aroma and flavour profile that is light, sweet, floral and delicate, this tea produces a perfect cup for anytime of the day. Generally enjoyed black, or with a spot of milk.

#### LAPSANG SOUCHONG

A famously smoky tea, deep with aroma and flavour. This black tea from the Fujian province of China is dried over smoking pine fire, imparting a sweet, rich smoky flavour to the tea.

### GREEN TEA

#### DRAGONWELL LUNG CHING

From the Chinese village of Dragonwell (Lung Ching in local parlance), this tea has a distinguished broad and flat shape, a result of being laboriously hand-dried in a wok. On brewing, this tea produces a refreshingly smooth, sweet and delicate character, amongst the very best of Chinese teas.

### FLAVOURED GREEN TEA

#### GREEN TEA WITH JASMINE BLOSSOM

With an irresistible floral fragrance of delicate jasmine blossom, our Forbidden City Jasmine Blossom Green tea features Chinese green tea. A calming blend for any time of the day. In China this tea is said to be excellent for the complexion as well as aiding digestion and slowing the aging process.

### OOLONG TEA

#### PREMIUM MILK OOLONG

The creaminess of the renowned Milk Oolong tea is the result of delicate hand processing. With its caramel infused aroma, our Milk Oolong created a velvety smooth infusion when brewed. Oolong devotees will delight in this sweet and light-bodied gem celebrated for its antioxidant properties.

### WHITE TEA

#### SNOW WHITE

Shaping this tea is a meticulous process and requires as much as one hour for every five kg of tea, creating the soft and delicate aroma, without damaging the natural, anti-oxidant properties inherent to white tea.

### CAFFEINE FREE INFUSIONS

#### NILE CHAMOMILE

Our Chamomile tea comes from Egypt, where it has a history going back to the Pharaohs, often referred to as Roman Chamomile as it was once found growing in the Coliseum. Chamomile has an apple like taste and has been used for centuries for its medicinal properties. It is naturally caffeine free and has similar benefits to that of green tea.
