

Wedded to perfection

you me

Your destination in the heart of the city

Fusing tradition and modernity in a space that is both dramatic and beautifully understated, the Conservatorium hotel makes the perfect backdrop for any style of wedding. From the enchantment of a fairy tale, to the pared-back chic of a modern urban wedding, the Conservatorium hotel redefines contemporary luxury.

Infused with the charm of the unexpected and set within Amsterdam's dramatic Neo-Gothic former Sweelinck Conservatory of Music, exclusive interiors and fine contemporary design make the Conservatorium a unique and unforgettable space.

With 129 luxurious rooms set over eight levels, a soaring central atrium bathes every corner in natural light. Dining is pure understated glamour, in the Brasserie and Lounge, with its stunning glass and steel courtyard, or the lofty elegance of Tunes Restaurant & Bar by Schilo, both essential Amsterdam destinations in a cosmopolitan city packed with choices.

The theme of unparalleled indulgence continues into the hotel's Akasha Holistic Wellbeing Centre, with oriental massages, saunas, a Watsu pool, Hammam and a vast indoor swimming pool at your disposal.
